PROFESSIONAL EXPERIENCE

Operations Intern

Dec 2025 – Present

Eyeconic For NEET PG

Virtual / Remote

- Managed end-to-end daily operations including maintaining structured student records, coordinating schedules, and tracking academic performance data to implement outcome-driven strategies.
- Analyzed student data to identify engagement patterns, generating actionable insights that contributed to measurable improvements in student performance outcomes.
- Served as primary point of contact for students and clients, developing multi-channel coordination and communication skills across diverse stakeholder groups.

PROJECTS

Equity Market Analysis Dashboard | *Python, Power BI, MS Excel*

- Built a personal analytics workflow to track equity market trends and sectoral performance using Python and Power BI dashboards with automated Excel models for historical return comparisons.
- Applied data cleaning and visualization techniques to identify investment signals and monitor portfolio metrics in real time.

University Club Visual Media Strategy | *Canva, Social Media Management, Content Strategy*

- Led the Visual Media team, driving content creation and social media strategy for multiple large-scale events, achieving measurable growth in audience engagement across platforms.
- Designed promotional graphics, reels, and digital assets while crafting event-specific storylines aligned with club brand identity.

Biomedical Data Reporting Tool | *Python, Excel, Power BI*

- Designed a reporting tool to organize and visualize biomedical research datasets, leveraging Python for preprocessing and Power BI for interactive dashboarding, reducing manual effort significantly.

EXTRACURRICULAR ACTIVITIES

Visual Media Team Lead

2023 – Present

University Club, VIT Bhopal

Bhopal, MP

- Managed designers and content creators to deliver cohesive digital campaigns for every major club event, maintaining consistent brand identity across all platforms.
- Oversaw graphic design pipelines, video production timelines, and post-production quality control end-to-end.

ACHIEVEMENTS

Stock Market Enthusiast – Active equity market analyst with a focus on fundamental and technical research across indices. [certificate](#)
